**Tampa, Florida**

**Overview**

The University of South Florida (“University” or “USF”), established in 1956 and located in Tampa Bay on Florida’s west coast, is a high-impact, global research university dedicated to student success. The USF System includes three separately accredited institutions: USF, USF St. Petersburg and USF Sarasota-Manatee. Serving more than 50,000 students, the USF System has an annual budget of \$1.8 billion and an annual economic impact of \$4.4 billion. USF ranks in the top 30 nationally for research expenditures among public universities, according to the National Science Foundation. In 2018, the Florida Board of Governors designated USF as a Preeminent State Research University, placing USF in the most elite category among the state’s 12 public universities. USF currently maintains Aa2 (stable) and AA- (positive) issuer credit ratings with Moody’s Investors Service and Standard and Poor’s, respectively.

rtually every top program in the country.

**Governance**

Effective January 7, 2003, a statewide Board of Governors was created pursuant to Article IX, Section 7(d), of the Florida Constitution to operate, regulate, control and be fully responsible for the management of the State University System. The Board of Governors defines the mission of each university and ensures the well-planned coordination and operation of the State University System. The Governor appoints fourteen members to the Board of Governors for staggered terms of seven years. The appointed members are subject to confirmation by the Senate. The Commissioner of Education, the chair of the Advisory Council of Faculty Senates and the president of the Florida Student Association also serve as members.

Each university is directly governed by a Board of Trustees (“Trustees”), consisting of thirteen members. The Boards of Trustees were created pursuant to Article IX, Section 7(c), of the Florida Constitution. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the university are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the university which provide governance in accordance with the rules of the State Board of Education and the Board of Governors. The university S6t Affairs assumes responsibility for the president during any

in the university organization. Other vice presidents have responsibility for specific

*Budget.* Each university has control over its own budget, once State funds have been received.

*Appropriations.* The Florida Legislature retains control of the appropriations process.

*Tuition.* The State universities have been granted certain powers with regard to setting tuition and the right to retain their own tuition revenues. Still, tuition-setting power for in-state undergraduate students remains largely in the hands of the Legislature, with lawmakers determining the maximum allowable rates of tuition increase and universities setting the tuition within those limits. The ability for the University to set and collect a number of student service fees provides a meaningful offset to limitations regarding tuition.

*Bonding Authority.* Bond-issuing authority is granted to the State of Florida and its Division of Bond Finance; the

The table below shows the historical full-time equivalent ("FTE") enrollment of the University by level. FTE is calculated using the IPEDS (Integrated Postsecondary Education Data System) methodology. The full-time equivalent of the University's part-time enrollment is estimated by multiplying the part-time headcount by the IPEDS factor for 4-Year Public institutions. The results are then added to the full-time enrollment headcounts to obtain an FTE for all students enrolled in the fall. According to IPEDS, "This formula is used to produce an FTE that is used annually in the Digest of Education Statistics."
