

ROCKY'S RESOURCES: HOW TO... APPLY FOR SCHOLARSHIPS

USF offers many different opportunities to apply for scholarships. From your individual college to national scholarships, USF can help you narrow down which scholarships are the most beneficial to you.

Assess Your Financial Need

If you need additional financial assistance for your university experience, there are multiple ways to assess your need. You have the option to meet with an advisor from the [USF Office of Scholarship & Financial Aid Service](#) for more personalized help or use the [Cost Calculator](#) found on their website under the Get Started tab.

Explore Financial Aid Website

The [USF Office of Scholarship & Financial Aid Service](#) has plenty of options for scholarships. If you're interested in other types of financial programs such as grants or loans, they can guide you through that process. To look at a list of different scholarship applications and their requirements, check out their [website](#).

Apply for Scholarship

Once you have found scholarships you want to apply for, it's a good idea to compile a list of when each scholarship is due, what is required of each of them, and the amount of the scholarship. Some scholarships may require an essay while others may just need you to provide proof of enrollment. Staying organized is key!

GOT QUESTIONS?
