

the 2024-2025 awards is contingent upon the level of funding from the Johnson Scholarship Foundation and the Florida Legislature.

**FOR ADDITIONAL INFORMATION:**

Call or write the appropriate university representative listed at the end of the application.

eye after the best possible correction, a peripheral field so constricted that it affects one's ability to function in an educational setting or a progressive loss of vision that may affect one's ability to function in an educational setting. Examples include, but are not limited to, cataracts, glaucoma, nystagmus, retinal detachment, retinitis pigmentosa, and strabismus.

— **Deaf/Hard of Hearing.** A hearing loss of thirty (30) decibels or greater, pure tone average of 500, 1000, 2000, and 4000 hertz (Hz), unaided, in the better ear. Examples include, but are not limited to, conductive hearing impairment or deafness, sensorineural hearing impairment or deafness, high or low tone hearing loss or deafness, and acoustic trauma hearing loss or deafness.

— **Orthopedic Disability.** A disability of the musculoskeletal system, connective tissue, or neuromuscular system. Examples include, but are not limited to, cerebral palsy, absence of some body member, clubfoot, nerve damage to the hand or arm, cardiovascular aneurysm (CVA), head injury or spinal cord injury, arthritis or rheumatism, epilepsy, intracranial hemorrhage, embolism, thrombosis (stroke), poliomyelitis, multiple sclerosis, Parkinson's disease, congenital malformation of brain cellular tissue, and physical disabilities pertaining to muscles or nerves, usually as a result of disease or birth defect, including, but not limited to, muscular dystrophy and congenital disorders.

— **Psychological, Emotional, or Behavioral Disability.** Any mental or psychological disability including, but not limited to, organic brain syndrome, emotional or mental illness, or attention deficit disorders.

— **Speech/Language Disabilities.** Disabilities of language, articulation, fluency, or voice that interfere with communication in academic settings, employment preparation/training, or social interaction on campus. Examples include, but are not limited to, cleft lip or palate with speech disabilities, stammering, stuttering, laryngectomy, and aphasia.

— **Specific Learning Disability.** A disability in one or more psychological or neurological processes involved in understanding or using spoken or written language. Learning disabilities may be manifested in listening, thinking, reading, writing, spelling, or performing arithmetic calculations. Examples include dyslexia, dysgraphia, dysphasia, dyscalculia, and other specific learning disabilities in the basic psychological or neurological processes. Such disabilities do not include learning problems that are due primarily to visual, hearing, or motor disabilities, to intellectual disabilities, to psychiatric or emotional disabilities, or environmental deprivation.

— **Traumatic Brain Injury.** An injury to the brain, not of a degenerative or congenital nature but caused by an external force, that may produce a diminished or altered state of consciousness, which results in impairment of cognitive ability or physical ability and functioning.

— **Other Health Disabilities.** Any disability not identified in this subsection deemed by a disability professional to make completion of the requirement impossible.
